

LiveABILITY

Lab

LEVERAGING TECHNOLOGY AND DESIGN TO PROVIDE ACCESS TO LIFE'S OPPORTUNITIES

Help us celebrate over 10 years
of innovation as we unveil our new
project exhibition space.

Through the LiveABILITY Lab, AI Sigl helps
connect interdisciplinary teams from
area colleges and community volunteers
with people of all ages and abilities taking part
in AI Sigl Member Agency programs.

Together, they help develop solutions to real-world
access technology challenges.

As a friend and supporter of our work together,
you are invited to join us to learn more.

Wednesday, August 14th 10AM -11AM

Please RSVP by 8/7 to Brenda Geglia
442.4102 ext. 2718
bgeglia@alsigl.org
