# CREATE YOUR BRAND TO ACHIEVE SUCCESS

Master of Business Administration

Stand out from the crowd and reach your full potential with a STEM-designated master of business administration (MBA) as only RIT can deliver. At the center of a university recognized for excellence in technology, our core curriculum is taught by nationally recognized faculty and includes data analytics, information systems, and innovation management. International students qualify to apply for an F-1 STEM-OPT work extension which can extend their total work eligibility to three years.

**STEM-OPT Visa Eligible**

**Business +  
Technology  
Unlocked**

Gain a strong foundation in business fundamentals with technology-infused MBA courses, which leverage RIT expertise in computing, design and innovation. Flexible scheduling options allow you to complete your degree at your convenience, in as little as one year, or attend part-time while you work. Customize your degree to **stand out and pursue your passions.**

# Master of Business Administration, MBA

Rochester Institute of Technology

## From the Director

**William Dresnack, JD**

“A STEM-designated MBA opens the door to endless opportunities by leveraging the vast resources of RIT that uniquely combine business and technology. Our faculty possess industry experience and conduct cutting-edge research while putting a premium on applied learning. Our MBA is AACSB-accredited, giving you and prospective employers confidence in your understanding of foundational principles from a range of business disciplines.”

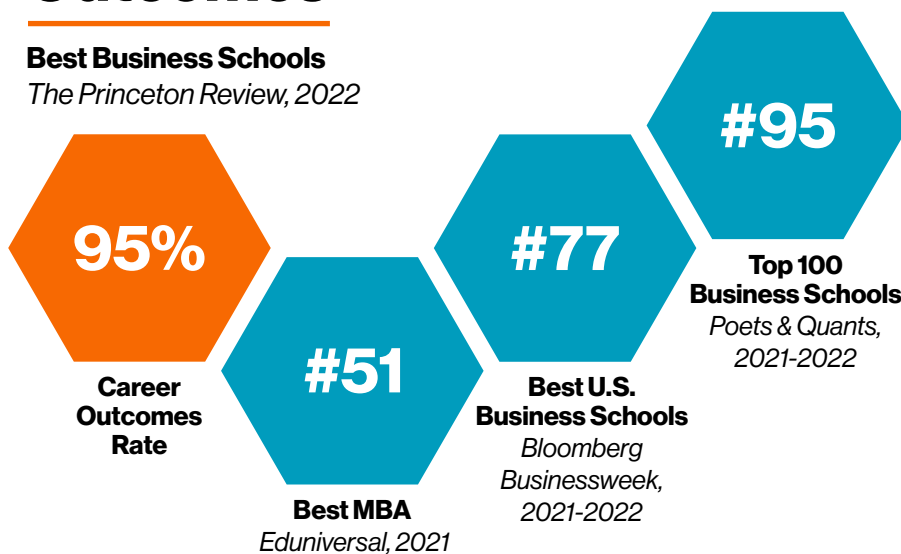

## Career Possibilities

Specialties allow you to focus on critical business functions, establishing the expertise to lead and build your career in the areas that interest you most. MBA graduates position themselves for higher earning potential and career advancement through a combination of transferable and specialized skills and knowledge.

## Outcomes

### Best Business Schools

*The Princeton Review, 2022*

### Solid Technology Core and Foundation in Business Fundamentals

Get a solid foundation in business fundamentals from internationally recognized faculty experts. Technology and analytics-infused MBA core courses leverage RIT traditions in technology and innovation excellence, including design and information systems, supply chain management, and innovation in products and services.

### Get the RIT Edge in Technology Resources and Expertise

Access resources of a large technical university and state-of-the-art facilities. Choose from a wide array of elective options and collaborate with faculty, students and over 25,000 alumni to pursue in-demand business careers with confidence.

### Powerful Electives to Customize Your Degree

Customize your MBA by accessing specialties and electives across all nine RIT colleges to stand out among your peers.

### Flexible Schedule Options

Reach your full potential, going at your own pace. Finish full-time in as little as one year with our 4+1 Accelerated MBA option, or part-time in as little as two and a half years. Add a paid co-op experience before you graduate.

### F-1 OPT STEM 24-Month Work Extension

International students qualify to apply for a 24-month work extension to their Optional Practical Training (OPT) period, allowing for up to three years of work in the United States.
