# You've laid a strong foundation. Let's build your future.

The journey to a world-class career begins with a real-world education and real-life experiences.

Join RIT in the pursuit of **the unprecedented, the remarkable, and the extraordinary.**

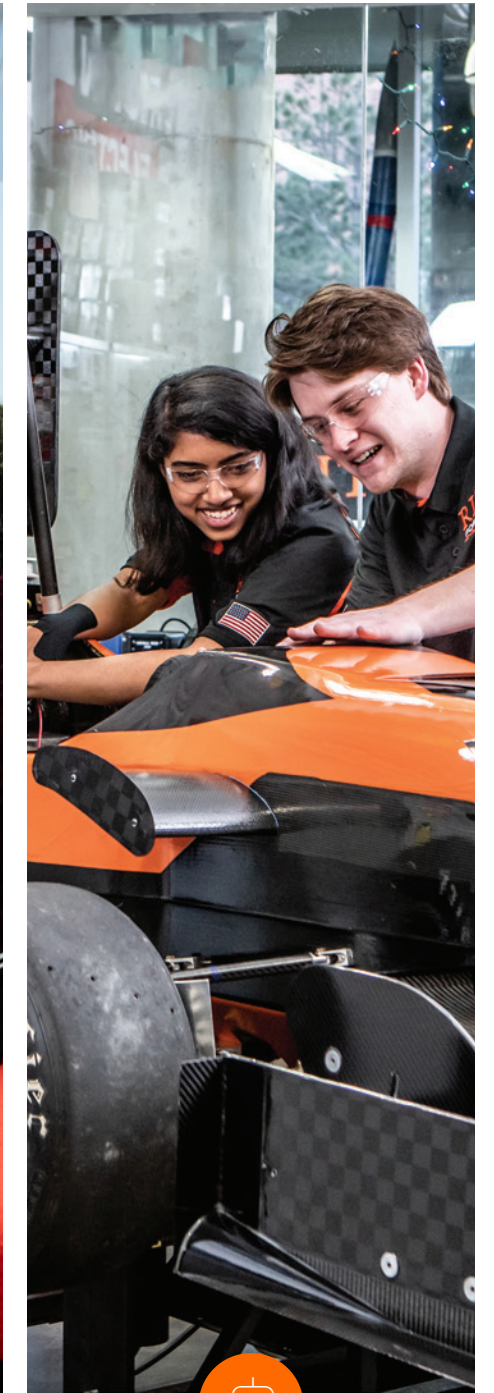

## Top-Tier Academic Programs

As one of the world's leading technological institutions, RIT offers an incredible array of academic programs, combined accelerated bachelor's/master's degrees, hands-on undergraduate research experience, and so much more.

## #5 Nationally Ranked Co-op and Internship Program

There's a reason RIT is ranked 5th among top college co-op and internship programs. Turn knowledge into know-how while you build a resume that's not the least bit padded.

## World-Class Makerspaces and Facilities

Named a "Best Maker School in Higher Education" (*Newsweek*, 2021), RIT provides you with unprecedented access to makerspaces, labs, studios, and smart classrooms for endless opportunities to tinker and test, prototype, and create.

# Future-Focused Academics Distinctive Experiences

# Professional Success

RIT's academic majors stress relevant, real-world experience in your field before you graduate. You get to apply what you've learned in the classroom to real-world problems.

## Combined Accelerated Bachelor's/ Master's Degrees

Earn a bachelor's and a master's degree in less time and at a lower cost, with a guaranteed 40% scholarship off graduate tuition. Transfer students can enter eligible pathways through conditional early acceptance as an incoming student or apply after enrollment.

## Minors and Immersion

Amplify your major with one of 185+ minors and immersions. Add a secondary area of interest, pursue a personal passion, or explore something new.

## Know what you want, but don't see it here?

Do you find yourself drawn to a collection of interests that doesn't fit neatly into a conventional academic program? Our individualized program allows you to craft a customized academic program around your interests, your goals, or your career aspirations. The major is available online or on-campus.

# GET THE CREDIT / You Deserve

We make transferring to RIT as easy as possible, with a two-step process that includes a transfer credit evaluation. You'll know how many credit hours are transferable, which credit can be applied to your degree program, and your estimated date of graduation.

## STEP 1

### Apply for Admission

You need to apply for admission in order for RIT to determine your transfer credits.

## STEP 2

### Credit Evaluation Process

Once you receive an admissions offer, RIT's Registrar's Office will review your transcript(s) to begin the credit evaluation process.

Any course that already has an established equivalency is articulated. Courses that don't have an established equivalency are sent to the appropriate academic department for review. Courses with a grade of C or better are transferable.

Once equivalencies are established for all of your courses, they are articulated and your academic advisor completes a transfer credit summary, which details:

- > How many credits are transferring to RIT
- > How many of those transfer credits can be applied to the degree program you have been admitted into
- > Your estimated graduation date

You can get a general sense of how your credits will transfer to RIT or learn more about transfer credit by using our online Transfer Credit Equivalency Database Tool.

[rit.edu/transfercredits](http://rit.edu/transfercredits)

# A SEAMLESS Transition

The process of transferring from one university to another shouldn't be overwhelming. At RIT, you can rely on a team of trusted advisors equipped with resources to guide you every step of the way.

### Admissions Transfer Team

Assists you throughout the admissions process and leading up to your enrollment at RIT.

### Academic Advisor

Develops realistic academic and personal goals, monitors your degree requirements, assists you in registering for courses, and provides referrals to services and resources on campus.

### Career Services Advisor

Guides you in identifying and applying to co-op and internship positions, and provides guidance and resources for your professional, career-related inquiries.

### Transfer Orientation

Helps you get acclimated to RIT's campus and connects you with other incoming transfer students.

### Faculty Advisor

Provides you with program- or discipline-specific knowledge and support, counsel on graduate school options, career advice, and guidance on research opportunities and work environments.

### Veterans Services

Supports the specific needs of active duty military, veterans, and their dependents, including advice on how to use external federal and state military education benefits at RIT.

"I found the transfer process was smooth, easy, and painless, and I couldn't have asked for a better experience so far here at RIT."

**Izzy Kunde**  
Communications '24

# TURN Knowledge INTO Know-How

Imergen Rosario, an imaging science major, completed an internship at The Estée Lauder Companies.

What sets RIT grads apart isn't just their degree. It's what they accomplish before they even receive it. We're focused on providing you with academic programs and hands-on opportunities that are intentional, purposeful, and designed for you to build solid, career-focused experience.

## Cooperative Education and Internships

RIT's co-op and internship program provides exposure to a variety of industries and environments – allowing you to apply your skills in real-world settings and interact with industry experts. Co-ops entail full-time employment and span from one semester or summer term to consecutive co-op blocks. At RIT, co-op positions are paid and tuition is not charged. Internships can range from a few hours a week to full-time employment. Although not guaranteed, compensation is provided for some internships. Once you complete your co-op or internship experience, you will earn RIT credit. And, because of RIT's proven track record, employers will know you are an experienced candidate who has spent time gaining relevant experience prior to graduation.

## Immersive Research Opportunities

Begin conducting research as early as day one, with support and guidance from world-class faculty. On multidisciplinary teams with students from various majors, you'll explore, investigate, and collaborate to help solve pressing challenges facing a broad range of high-impact areas.

## Study Abroad

In our global world, living, learning and studying in a culture different from your own prepares you to be a global citizen. RIT offers more than 600 study abroad programs in over 60 countries ranging from as short as one week to as long as a full year.

### Sample Schedule

#### One or Two Blocks of Co-op/Internship

	Fall	Spring	Summer
Year 1	Classes	Classes	
Year 2	Classes	Classes	Co-op/Internship
Year 3	Classes	Classes	Co-op/Internship
Year 4	Classes	Classes	

#### Three or Four Blocks of Co-op/Internship

	Fall	Spring	Summer
Year 1	Classes	Classes	
Year 2	Classes	Classes	
Year 3	Co-op	Classes	Co-op
Year 4	Classes	Co-op	Co-op
Year 5	Classes	Classes	

TRANSFER STUDENTS ENTER RIT AT VARIOUS YEAR LEVELS AND WON'T BE BEHIND IN CO-OP/INTERNSHIP REQUIREMENTS.

# Get acclimated by getting involved.

The only thing better than exploring your interests and passions is finding others who share them.

RIT is a community where students with diverse interests come together to grow and thrive. Whichever club, organization, team, event, or sport you choose to join, your individuality, creativity, and innovation will always be celebrated.

Play competitive video games with RIT Esports, our eight-time national champions. Rock out with the Jam Club or build an electric motorbike with the Electric Vehicle team. With over 300 clubs and student organizations and 48 club sports, the opportunities to get involved are abundant.

This is your time, and this is the place where you'll prepare for the rest of your life.

# Social Bustling Communal

Options for RIT housing include residence halls, apartments, suites, and Greek housing with laundry, transportation shuttles, and other functional amenities included.

### Tips for Securing RIT Housing

- > Apply for admission by the suggested priority deadlines.
- > Confirm your intention to enroll by depositing as soon as you've made your decision.
- > After you deposit, file your housing contract at [mylife.rit.edu](http://mylife.rit.edu).

For those who prefer off-campus housing, there are plentiful options designed for RIT students.

# Fresh Variety Convenient

We recognize our students' diverse needs and strive to provide dependable service, flexible meal options, and distinct culinary experiences. With talented, experienced chefs, students have the opportunity to explore new flavors and find their favorite comfort foods.

### Dining Options

More than 21 dining options, including cafeterias, all-you-care-to-enjoy buffets, food courts, coffee shops, bakeries, delis, and convenience stores, offer diverse cuisines.

### Specialized Menus

We provide choices that recognize food allergies and dietary preferences (including gluten-free, vegan, and plant-based), as well as religious and cultural dietary needs.

### Nutrition Labeling

Nutrition labels allow for easy identification of specific food choices, including foods that comply with certain dietary restrictions.

100%  
Of RIT transfer  
students receive aid

# An Education within Reach

RIT is committed to making education accessible. We want to take the guesswork out of the financial aid process to help make your experience as smooth as possible. Our Financial Aid office is your partner, and we can work to create a financial plan together. Our goal is to provide assistance that can help you launch the career of your dreams.

## Transfer Scholarships

All accepted transfer students are considered for merit scholarship, regardless of financial need.

100% of new transfer students receive scholarships and/or grants.

Awards range from \$10,000 to \$20,000 annually.\*

**Additional Transfer Scholarships that can be given in addition to RIT Transfer Scholarships:**

### RIT Phi Theta Kappa Scholarships for Transfer Students

Awarded to transfer students elected to Phi Theta Kappa honor society. Up to \$5,000 per year.

### Performing Arts Scholarship

A renewable scholarship that recognizes individual achievement and talent in the performing arts. Amount varies.

\*Merit scholarships are determined at the time of admission. RIT scholarships are offered during semesters of full-time coursework. Deaf and hard-of-hearing students accepted to RIT and supported by the National Technical Institute for the Deaf (NTID) and students accepted directly to NTID receive prorated scholarship amounts.

Learn more  
[rit.edu/merit-scholarships](http://rit.edu/merit-scholarships)

# Admissions

Admission to RIT is competitive, but our admission process is a personal one. We are interested in learning about your interests, abilities, and goals to provide you with the best information and guidance we can.

Recognizing that not all transfer students have the same goals and journeys, RIT offers transfer applicants two paths when applying:

### OPTION 1

#### Apply to Your Desired Major

Designed for students who want to earn a bachelor's degree in a specific major and plan to study on-campus.

### OPTION 2

#### Apply to RIT's Individualized Program

Ideal for students with many college credits who are seeking the quickest and most flexible path to earning a bachelor's degree. The individualized program major may be completed online or on-campus.

## Priority Application Deadlines

11/1  
Spring semester

2/1  
Fall semester

12/1  
For Physician Assistant BS/MS
