Faculty Senate and You!

Faculty Senate

- RIT policies supersede department contracts and college policies.
- Your college's tenure policies are reviewed and approved by the senate before being updated.
- Senate is involved in all aspects of governance, and has the ability to influence areas outside of policy.
- Your senators are there to help you!

What do We Wish We Knew/Did

- Find someone a few years ahead of you and regularly ask for advice (seek an informal mentor).
- Meet faculty outside of your department and college.
- Follow the Senate newsletter, keep track of which policies are under review.
- Attend our college visit event and talk to us!
- Participate in surveys!
