2010 Summer Leadership Institute For Postsecondary Deaf and Hard of Hearing students

To: All NTID Technical, Baccalaureate and Graduate Students
From: Nora B. Shannon, PEN-International (nbsncp@rit.edu)
Date: October 2009

PEN-International would like to encourage you to apply for one of four very exciting scholarships. These scholarships will support student travel to England from 21-28 August 2010 to participate in an international Summer Leadership Institute for a total of 24 deaf and hard of hearing students from the USA, China, Japan, Russia, and the Philippines.

Included in this memo is the program description and application process. We will use the criteria outlined to choose four outstanding NTID/RIT students to participate. These four students, one faculty chaperone, and 2 interpreters will form the NTID delegation representing the USA at the Summer Leadership Institute, which will take place at Herstmonceux Castle in East Sussex, England (www.queensu.ca/isc).

Who is the Summer Leadership Institute for?

Four student representatives from each of the following PEN partner and affiliate institutions:

- National Technical Institute for the Deaf at Rochester Institute of Technology, USA
- Bauman Moscow State Technical University and Chelyabinsk State Technical University, Russia
- National-Tsukuba University of Technology and PEPNet-Japan

- Tianjin University of Technology, China
- De La Salle - College of St. Benilde, Philippines

Who is hosting the Summer Leadership Institute?

The Nippon Foundation of Japan has provided NTID with funding to establish and run PEN-International—an international postsecondary education network of universities and colleges around the world educating students who are deaf (www.pen.ntid.rit.edu).

This program is a first-of-its-kind international partnership of colleges and universities serving deaf and hard of hearing students, utilizing web technology, faculty training, telecommunications technology, and information and instructional technology to improve teaching and learning, increase the use of technology, and expanding career opportunities for deaf and hard of hearing students. PEN currently has partner institutions in China, Japan, Russia, and the Philippines, and also works in Vietnam, Thailand, Korea, Hong Kong, and the Czech Republic.

What is the Summer Leadership Institute?

An exciting component of PEN-International is a Summer Leadership Institute for deaf and hard of hearing students. To the best of our knowledge, this is a one-of-a-kind multinational leadership institute for postsecondary men and women who are deaf.

In August 2010, five delegations composed of four students, one faculty sponsor, spoken language interpreters, and sign language interpreters from PEN-International partner and affiliate institutions will convene for one week at Herstmonceux Castle in East Sussex, England. A total of approximately 50 people are expected to participate.

What is the purpose of the Summer Leadership Institute?

The major goal of the Summer Leadership Institute is to promote development of leadership and advocacy skills among student leaders from PEN-International partner and affiliate institutions regarding community service, general access, support services and employment. Deaf cultural awareness will also be a part of the summer institute. Because of globalization of the world economy, an international exchange of students is considered an excellent way to expose students to the realities of the world they will face after graduation.

Students who attend the institute will participate in presentations, discussions, and hands-on activities offered primarily by deaf faculty and professionals.

What will be covered?

Participants will be provided with room, board, airline transportation, airport transfers, local transportation and admission for planned activities as a part of the Summer Leadership Institute. In addition, the cost of visas and supplemental health insurance for travel abroad will be covered

by the scholarship. Participants will be responsible for all their own incidental expenses. All members of the delegation will travel together to and from the home university on the same itinerary. No provisions for other travel arrangements will be permitted.
