

What?

Creating a Model Virtual (Online) Academic Community for Deaf and Hard of Hearing Students in STEM majors, their faculty, mentors, and staff

Who?

A collaborative effort including students, faculty and staff from:

- RIT
- Camden County College
- Cornell University
- Deaf/Hard of Hearing STEM professionals from around the country

Why?

Help D/HH students in STEM majors overcome significant barriers in:

- Student preparation
- Socialization
- Media Access

How?

- Student preparation – using Google+ Hangouts for remote tutoring, captioning, interpreting
- Socialization – using Google+ Hangouts and Google+ Community for remote mentoring & peer interaction
- Accessible media – curated collection of accessible STEM resources

Where?

We're online at www.dhhvac.org
and within Google+: <https://plus.google.com/100517677003348195078>
