

HOW TO MAKE A ZINE

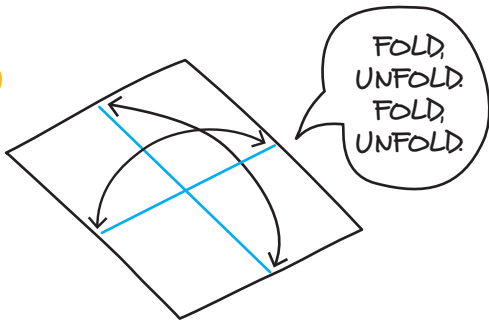

TADA~!

7

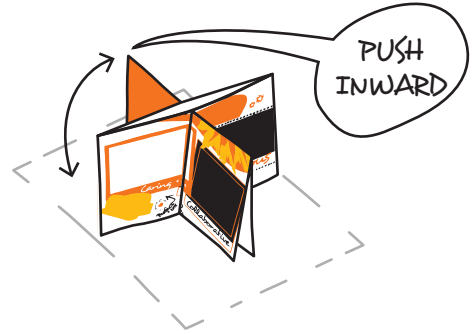

Adjust folds so the two orange covers are visible.

1

Instruction side up.
Fold in half both long and short sides of the paper.

6

Make a crease on each new fold, then close the pages into a book shape.

2

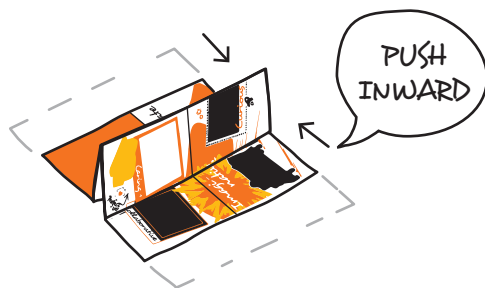

Flip the page over and fold into quarters again.

5

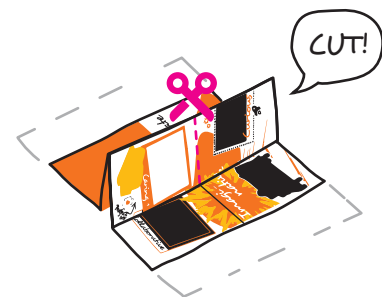

Fan out from the center cut.

3

Unfold, then push paper inward so two center columns are flush together.

4

Holding the two columns together, cut down along the center crease, indicated above by a dotted line.

Take a selfie with your new zine and share it on social media.
